# SOUTHPORT AIR SHOW | OVERVIEW

Attracting tens of thousands visitors over a three day weekend, the annual Southport air show is the largest event of its kind in the North of England.

Southport air show returns to its traditional date of 6-8th September in 2019 with a 3 day action packed weekend. This year promises to be one of the aviation calendar's most spectacular events, providing stunning views of the best jets, fighters, bombers, helicopters and aerobatic aircraft.

The flying programme features more than four hours of the UK's best military and civilian aviation display teams with even a chance for people to chat with the pilots.

Building on last year's popular Friday Night Launch, the 28th Southport Air Show will start with a spectacular evening show featuring LED lighting and pyrotechnics on many of the aircraft and finish with a huge firework display.

For the rest of the weekend, the Air Show Village will be packed with military attractions such as climbing walls and tanks.

The Armed Forces will be on hand to speak to visitors about career opportunities. Plus, due to popular demand the beach explosions will be back!

A fantastic day out for families and enthusiasts alike with a range of activities for all age groups.
