

Dobbies Garden Centres

MEDIA SHEET

About Dobbies Garden Centres:

Dobbies, operating 51 stores across the UK, holds the position of the second-largest garden centre chain in the country.

Modern garden centres have evolved into more than just places for gardening enthusiasts—they are now seen as shopping and leisure destinations. Many offer a variety of retail experiences, including outlet food and clothing stores, alongside their extensive range of plants and gardening supplies. Some locations, such as the Atherstone centre, have even gained recognition as tourist attractions, drawing visitors beyond just gardeners with their unique features and offerings.

Dobbies Garden Centres

Dobbies attracts more than the home owning demographic you would expect at a garden centre and can provide a great platform for multi-site marketing campaigns or businesses wishing to engage their local public.

Each of the Dobbies Garden Centres sites are unique with many offering external opportunities for larger promotions or awareness campaigns and ideal for car dealership activity.
